

Wisdom Tutoring Academy – Platform Updates

We are pleased to announce the following improvements currently underway to enhance the learning and teaching experience across the Academy:

- Support for downloading files in multiple formats
- Enhanced student and teacher interfaces, including improved communication tools
- Integrated video-calling platform
- Real-time interactive whiteboard for collaborative learning
- Upgraded landing pages for a more modern and intuitive user experience
- Automated email notifications for teachers and students
- Improved in-platform notification system
- Academy discussion forums
- Continued CMS (Content Management System) enhancements
- Advanced animation features for lesson demonstrations
- Upgrades the Smart Assignment Manager

More updates and features will be added soon.
